

## NEWS

### ALL DIVISIONS NOW HAVE STATE TESTING IDENTIFIERS!!!!

Our sincere thanks go to all the people in the divisions who have tirelessly worked to enter and resolve students in EIMS.

*Notes from Harrisonburg*

There were about 40 people representing 25 school divisions who attended the session. The program featured presentations of past, current and future EIMS activities.

A call went out to the group to form two groups – a User Acceptance Test (UAT) Group and a Disaggregation Users Group (it will include all reports). There was great interest expressed for joining the Disagg Users Group (DUG) and a good number for the UAT participation. UAT group is already testing new EIMS reports and features. The DUG group has not been officially formed. Participation for either group is open.

### March Release

New EIMS Report is Now Available - The first version of the Student Resolution Report is now available as an aid for Needs Resolution. A new button labeled “Resolution Report” appears for files in Needs Resolution status after you click the “Resolve File” button. It is currently a .pdf, but next month it will be a report with sorting and download to Excel capabilities. Please check it out and let us know how you like it.

Account Management has been delayed this month and is expected to be in the April release.
